25X1 6. [] In the absence of Senator Milton Young,
25X1 I talked to Mr. Chris Sylvester of the Senator's staff, and said that we had
25X1 been in touch with [] who had been recommended to us by
the Senator, and arrangements have been made for his entry on duty on or
about 7 February.

25X1 7. [] Met with Mr. Ralph Preston, House Appropriations
Committee staff, who told me that if the House closes up shop early enough
this week, he will try to schedule a time to review the classified documents
held by the Committee with me to return those no longer needed for retention
in the Committee. As soon as this exercise is completed, a new safe will
be delivered to his office.

I briefed him on the current situation in Indochina and India/Pakistan.

25X1 8. [] In response to his request, I met with
Mr. Garner J. Cline, Counsel, Immigration and Naturalization Subcommittee,
House Judiciary Committee. Mr. Cline needed advice on security procedures
to be followed in assisting the International Commission on Emigration and
Migration with regard to security clearances for individuals moving into the
Western Hemisphere and from the United States to African countries. In brief,
I told Mr. Cline that these matters would be exclusively in the control of the
Department of State and the Federal Bureau of Investigation.

25X1 9. [] Talked to Mr. Arthur Kuhl, Senate Foreign
Relations Committee staff, who told me that as a follow on to our earlier
conversations, he had talked to Seth Tillman, of the Committee staff, who
is heading up the "Pentagon Papers Group" and that he is perfectly agreeable
to continue the established procedures on handling of classified transcripts
of Committee briefings which are held by the Agency for safekeeping. The
transcripts will be forwarded when requested at the beginning of the day to
S. 116, the main Committee room, and will be reviewed in that room with
the transcripts being picked up at the close of business each day. Mr. Kuhl
also mentioned, in passing, that Senator Symington has not given any further
clarification on the itinerary he intends to follow.

25X1 10. [] Received a call from Mr. George Murphy,
Deputy Director, Joint Committee on Atomic Energy, who requested a briefing
on the Soviet orbital satellite surveillance system. Several members of the
Joint Committee have become interested as a result of this morning's Post item
concerning a recent Soviet test of the system. After checking with Mr. Dave
Brandwein, FMSAC, the meeting was scheduled for 10:30 a.m., Thursday,
16 December.
